### Message from requester

Requester + Staff

Your correspondence of March 17, 2026 stated the Department would contact me within fourteen (14) days with an updated status. That deadline passed on approximately March 31, 2026. As of today, June 21, 2026 — 115 days after my initial request — I have received no further communication, no records, and no explanation for the delay.

The CPRA requires that agencies disclose responsive records promptly. The Department missed its own self-imposed deadline by nearly three months without any follow-up, status update, or estimated production date. This delay is unreasonable.

I am requesting a written response by June 28, 2026 that includes:

1. The specific reason for the delay
2. A concrete estimated date for production of responsive records
